

# CONCERT SAFETY PRECAUTIONS

Live Performance: Fanfares for Uncommon Times  
Saturday, November 14, 2020 at 7:30 p.m. | Century II Concert Hall

**Duration:** Approximately one hour

**Attendance:** Limited to 100, including musicians on stage (normally 2,195 capacity)

## Signage

Signage will be visibly positioned inside the lobby and concert hall indicating that everyone is to wear a mask at all times and maintain social distancing of at least 6 feet. Restroom doors will have signs indicating max occupancy (half as many people as number of stalls) as requested by the Sedgwick County Health Director. Floors will be marked with 6 foot spacing to keep patrons socially distanced as they are directed to stay in line and enter the Concert Hall to their seats.

## Social Distancing

Social distancing of at least 6 feet between each household to be maintained upon entering the building and in the Concert Hall.

Seating of patrons will maintain 6-foot spacing between each group of single household or family attendees by skipping every other row and having three empty seats between each group. Seating will be on a first come first serve basis. Ushers will direct patrons to the next available seat after allowing for three-seat spacing.

## Masking

*All patrons, staff, musicians, and hired crew must always wear a mask while in Century II.* This includes the auditorium of the Concert Hall. The only exception will be for musicians on stage who are unable to perform on their instrument because of a mask. Musicians unable to perform with a mask will be asked to wear a mask as they enter the stage until they are ready to perform and will place the mask back on their face as they are finished performing.

- Continued -

## **Temperature Checks**

All front of house staff, including CII Staff, Volunteers, and Wichita Symphony staff will have their temperature taken upon arrival with a touchless thermometer. Signage will be placed to ask those with symptoms of fever, cough, shortness of breath, sore throat, or loss of taste or smell to return home. Anyone who has knowingly been in contact with someone diagnosed with COVID-19 in the last 14 days will also be asked to return home.

All musicians, backstage crew (including stage manager, stagehands, and any other hired crew), and staff will have their temperature taken upon arrival with a touchless thermometer. Signage will be placed to ask those with symptoms of fever, cough, shortness of breath, sore throat, or loss of taste or smell to return home. Anyone who has knowingly been in contact of someone diagnosed with COVID-19 in the last 14 days will also be asked to return home.

## **Hand Sanitizers**

Hand sanitizer stations will be located conveniently for patrons in the lobby.

*For the Orchestra:* Hand sanitation (either hand sanitizer or washing hands for 20 seconds or more) will be required before coming on stage and noted with the appropriate signage.

## **Other Precautions**

- There will be no concessions served or sold at this performance. Outside food is prohibited.
- Electronic programs will be sent to concertgoers prior to the performance, and made available via QR code at the Concert Hall. No physical programs will be handed out.
- There will be no intermission, as the program will be one hour long.
- To exit the hall following the performance, WSO staff will dismiss patrons in groups to ensure social distancing.
